Reference:

Dear Madame/Sir,

In Slovenia, the new tolling system DarsGo for vehicles with a maximum permissible weight exceeding 3,500 kg was launched on 1 April 2018. Basic information on the system, the toll charger and inclusion of the EETS providers into the DarsGo system have been published in the EETS domain statement for DARS, which is published on the webpage https://www.dars.si/Dokumenti/Toll/EETS_domain_statement_1076.aspx

As stated in the article 3.1 of the EETS domain statement we would like to invite you, as a potential EETS/ETS provider, to send us an official application including at least information regarding:

- (i) the identity of the EETS/ETS Provider,
- (ii) the financial status of the EETS/ETS Provider,
- (iii) the service the EETS/ETS Provider intends to provide,
- (iv) EETS registration status, and
- (v) Detailed description regarding the OBE which will be offered.

In addition, please also send us:

- a proof of registration as an EETS provider, if existing, if not, please enclose proof of the compliance with the requirements to EETS Providers set out in Article 3 of the Commission Decision 2009/750/EC;
- a short description of a technical concept, a business model and an indicative timetable.

Deadline for submission of the applications is 6 July 2018.

Further questions regarding the required information will be answered in an informational meeting, which will be organised on 16 May 2018 at 10 a.m. at DARS d.d. offices in Ljubljana, Dunajska 7. Please confirm your attendance before 11 May 2017 to the following e-mail address alenka.kosic@dars.si.

We look forward to our future co-operation.

Sincerely,

Alenka Košič
