Pursuant to Article 38 of the Toll Act (Official Gazette of the Republic of Slovenia, no. 24/2015 and 41/2017), I hereby request the proportional reimbursement of the annual/semi-annual vignette (until the vignette's expiration date) because the relevant vehicle has been sent to be decommissioned on the basis of the required certificate of destruction.

The vehicle had the following type of vignette:

- half-year vignette (one-track vehicle) for the year _____ and with the following date ____
- the annual vignette for the year _____
- serial number _____

for which we request the proportional reimbursement (until the expiry date),

- the vehicle was unregistered and sent to be decommissioned on _____

Mandatory appendices:

- The removed vignette or part of the windscreen with the vignette (in the event the entire serial number is not visible on the removed vignette, the corresponding voucher must also be presented), otherwise, the invoice for the purchased vignette must be given;
- In Slovenia, DARS obtains the decommissioning information on the removal of the vehicle from the register ex officio.

Note: In the event the vehicle is removed from the register because of decommissioning, the reimbursement of the relevant amount to the person required to pay the toll is only executed when DARS obtains the data from the vehicle register (this applies to vehicles registered in the Republic of Slovenia).

For vehicles, which were registered or unregistered abroad, the person required to pay the toll must present a copy of the document proving the vehicle was delivered to the appropriate facility, as well as the copy of the document issued by the official body which proves the vehicles was decommissioned. Both documents need to be translated into Slovenian by a sworn translator.

TURN
OVER 

The person required to pay the toll must submit the reimbursement application for the remaining value of the annual (half-year) vignette for the current calendar year in 30 days after fulfilling the necessary conditions for the refund.

I am aware that any unjustified receipt of the proportional value of the vignette until its expiry, which is based on false data, is punishable by law.
